17.15 Closing remarks Dr Edward J. Despott & Dr Alberto Murino

Further to the tremendous success of our 2017 inaugural, with excellent feedback from all participants (our 40 world experts, >300 delegates, sponsors and exhibitors), the 2018 International AEM shall again consist of 2 full days of interactive lectures, dedicated symposia and a day of hands-on endotherapy training on tissue models. The award-winning home of the International AEM shall remain that of the Royal Society of Medicine in the heart of central London. The International AEM is endorsed by key endoscopic societies; 24 CPD/CME credits have been applied for.
